

Supplier Value Added Services

ProcServe provides several Standard Services to suppliers free of charge but we also offer a wide range of Value Added Services to help suppliers get the most out of your ProcServe Trading Network account. Our Supplier Services Team has a wealth of knowledge and expertise relating to all aspects of supply chain management and eProcurement, reflected in our Value Added Services. Our Value Added Services include:

- Production and ongoing maintenance of your catalogues
- Development and hosting of eCommerce websites, including PunchOut, so you can host your own content
- Bespoke back office integration if you have specific, non-standard requirements
- Additional Management Information and bespoke reporting
- User Training

You can supplement the Standard Services you currently receive with any of our competitively priced Value Added Services. We also offer a number of consultancy services covering Change Management and Procurement Best Practices in addition to ProcServe's hosted eCommerce and Supply Chain Management solutions. Get in touch with us today to see what extra services we can offer to help you get the most out of your account.
